NURSES NOTES

Please make sure that your children are bundled up for outside play during the winter months. The decision to go outside for recess is made by the grade level teachers given the time they are scheduled for recess (11:30am-1:15pm) based on the following:

- Temperature – we go outside if it is roughly 30 degrees or above.
- Wind Chill -- our location on the hill provides little to no shelter.
- Ground conditions – students may be kept inside if the play area is covered in ice.

H1N1 AND SEASONAL FLU UPDATE

On Thursday, January 7 and Thursday, January 14 H1N1 flu vaccine clinics for Redding are being held (by appointment only) call 938-2559 (no walk-ins).

Parents are now encouraged to seek the second dose of 2009 H1N1 vaccine for their children who are younger than 10 years old. The recommended interval between the first and second dose should be at least 28 days, however, a second dose given at least 21 days after the first is considered valid.

SEASONAL FLU

Seasonal flu vaccine is limited in supply. Call the Danbury Visiting Nurse Association 203-730-5239 for a listing of their flu shot clinics or visit www.flucliniclocator.org for other clinic sites and dates near you.
